

Financial Policy

Payment is expected at the time of your appointment for services. If you have dental insurance, we will provide an estimate of your co-payment and collect your portion at the time of your appointment. We accept cash and all major credit cards. We do not accept personal checks. We also offer Care Credit, which offers interest-free payment programs upon approval.

Your reserved time in our office is important. Treatment appointments will require a deposit when scheduling to secure this appointment time. This deposit will be applied to your estimated co-payment for services. However, if the appointment is broken without 2-business days' notice, then the deposit is retained as a non-refundable missed appointment fee.

When reserving IV-Sedation appointments, the complete sedation fee is required at time of scheduling the appointment.

It is important to remember that your insurance coverage is a contract between you, your employer and your insurance company. Benefits and coverage vary significantly from plan to plan depending on what was agreed upon with your employer and the insurer.

Please keep in mind that the insurance is not designated to provide 100% benefit but rather to assist in the cost of dental care. Dental benefits should not be confused with dental care you need. You and Dr. Rubab Mirza determine your dental care collectively.

As a courtesy to our patients, we are happy to submit your dental claims for services rendered in our office. In order for us to do this, you must provide us with accurate and most up-to-date insurance information. We will verify your coverage and plan before your scheduled appointment, and using this information we will estimate the insurance portion and your co-payment. Please understand this is only an estimate and may not be what the insurance will pay. We will do our best to help you receive maximum benefits. Patients are responsible for and remaining balances for services received.
